The rates of degree recipients and early leavers indicate proportion to the enrolled students.

calculation : degree conferral rate (D) = graduates (C) ÷ (enrolled (A) ± transferred within school (B) )

dropout rate (G) = dropouts (F) ÷ (enrolled (A) ± transferred with school (B) )

※The main reasons for students to leave Doctoral Program are employment during enrollment or, in case of adult student, work conditions (excluding those who finished courses without degree.)
